! ATTENTION !

Following advice from the Hong Kong Department of Health, we have implemented the following best practices across all of our centres to ensure the hygiene of our students and staff:

- Students are not allowed to attend KYP courses if they are sick. All students who show any signs of illness are advised to stay home. If students develop any signs of fever or illness during class, he or she will be moved from class and placed in a quarantine room until his or her parents pick them up. This is to ensure the health and safety of our students and staff.
- If you have been to China in the last 14 days, please let us know and do not attend any classes until a health professional has issued you clearance;
- All students are required to use hand sanitizer before entering classrooms;
- All students are required to wear a surgical mask, and masks will be provided to students who do not have one;
- All of our teachers and administrative staff will wear masks.

Thank you for your kind attention!

KYP will vigilantly follow advice and updates from Department of Health's Centre for Health Protection in regard to proper sanitation and public hygiene. We believe the above measures will protect our student community during this time of heightened health concerns; however, if you feel you would rather take our classes from home via online learning, please contact us and we will make arrangements for you. We are committed to offering the highest quality English classes to enrich our students and keep them continuously challenged academically and intellectually, while protecting their health and safety.
